HISTORY
GREEN GAS POLAND 2018 - 2023

LADIES AND GENTLEMEN,

THE UNION OF PRODUCERS AND EMPLOYERS OF THE BIOGAS AND BIOMETHANE INDUSTRY (UPEBBI) WAS ESTABLISHED IN 2012. WE ARE AN EMPLOYERS' ASSOCIATION THAT BRINGS TOGETHER THE BIOGAS AND BIOMETHANE INDUSTRIES AND THE LARGEST INDUSTRY ORGANIZATION ANIMATING THE BIOGAS AND BIOMETHANE AGREEMENT.

THE ABBREVIATION UPEBBI (WHICH IS AN ABBREVIATION OF THE ENGLISH NAME) MEANS TOGETHER FOR BIOGAS, WHICH IS WHY WE MAKE EVERY EFFORT. SO THAT THROUGH JOINT EFFORTS, THE INDUSTRY WILL HAVE BETTER AND BETTER CONDITIONS FOR DEVELOPMENT.

OUR GOAL IS TO WORK TOGETHER FOR THE BIOGAS AND BIOMETHANE INDUSTRY IN THE COUNTRY, IN EUROPE AND AROUND THE WORLD (AS A PARTICIPANT OF THE EUROPEAN BIOGAS ASSOCIATION AND THE WORLD BIOGAS ASSOCIATION).

THE PRIMARY GOAL OF UPEBBI IS TO PROVIDE MEMBERS WITH COMPREHENSIVE ASSISTANCE AND LEGAL PROTECTION AND TO SHAPE A UNIFORM POSITION ON ALL MATTERS RELATED TO THEIR BUSINESS ACTIVITIES.

WE COOPERATE WITH SCIENTIFIC AND RESEARCH INSTITUTIONS (UNIVERSITIES, ACADEMIES AND STATE RESEARCH INSTITUTES) IN ORDER TO DEVELOP INNOVATIVE TECHNOLOGICAL SOLUTIONS CONTRIBUTING TO A MORE DYNAMIC DEVELOPMENT OF THE INDUSTRY IN POLAND AND AROUND THE WORLD.

WE CONDUCT EDUCATIONAL AND PROMOTIONAL ACTIVITIES TO INCREASE SOCIETY'S KNOWLEDGE ABOUT THE POSSIBILITIES OF PRODUCING AND USING BIOGAS AS A RENEWABLE ENERGY SOURCE AND BIOMETHANE AS A GASEOUS FUEL, E.G. BY CONDUCTING WORKSHOPS COMMISSIONED BY THE NATIONAL AGRICULTURAL SUPPORT CENTER AND BY BEING A PARTNER IN BIOENERGY INDUSTRY SKILLS CENTERS.

WE INTERVENE MANY TIMES AT THE STAGE OF CREATING LAWS AND REGULATIONS REGARDING THE BIOGAS INDUSTRY. WE MAINTAIN WORKING CONTACTS WITH THE MINISTRY OF CLIMATE AND ENVIRONMENT AND THE MINISTRY OF AGRICULTURE AND RURAL DEVELOPMENT. WE PARTICIPATE IN LEGISLATIVE WORK AT THE LEVEL OF THE SEJM AND SENATE.

WE TAKE PART IN PUBLIC CONSULTATIONS AND PROVIDE INFORMATION ON BIOGAS AND BIOMETHANE TO ALL THOSE INTERESTED IN THIS TOPIC. WE PROMOTE BIOGAS TECHNOLOGY IN CONVENTIONAL AND SOCIAL MEDIA AND AT ALL EVENTS, CONFERENCES AND FAIRS RELATED TO RENEWABLE ENERGY SOURCES.

WE ORGANIZE GREEN GAS POLAND AS AN ANNUAL INTERNATIONAL CONFERENCE OF THE BIOGAS INDUSTRY AND BIOMETHANE, WHICH OVER FIVE EDITIONS ATTRACTED OVER HALF A THOUSAND PARTICIPANTS: REPRESENTATIVES OF PRIVATE COMPANIES AND THE STATE TREASURY, STATE OFFICES AND GOVERNMENT AGENCIES. ENERGY AND BIOGAS MEDIA AS WELL AS SCIENTISTS, INVESTORS AND FARMERS.

Union of Producers and Employers of Biogas and Biomethane Industry

UPEBBI OFFER FOR 2024

If you haven't met us yet, welcome June 13 and 14 for a debate and workshops organized by UPEBBI, AgriKomp and the Business Consulting Group Capital Group, which will be held at the EKOFORUM International Congress organized on June 13-15, 2024 in Supraśl. The previous UPEBBI workshops were successfully held during the Ferma fair in Bydgoszcz.

As every year, we invite you to the most important industry event, the Green Gas Poland conference October 14 and 15 in Warsaw for all people looking for information on the possibilities of using biogas and biomethane in their activities.

It is an ideal opportunity to establish personal contacts and a place to meet with entrepreneurs, scientists, representatives of central and local government administration and numerous members of ecological associations and foundations dealing with or planning to produce biogas and biomethane.

The conference, which will be held for the sixth time this year, once again has a chance to become the guild of investors in the energy and gas sectors and transport.

Green Gas Poland is a great networking platform for technologists, managers of waste biogas plants and water treatment plants, traders, technology and equipment suppliers, financial advisors and insurance. It is also a forum for the exchange of "know how" between European industry associations.

SIGN UP TODAY

UPEBBI Trade Catalog

Choosing the optimal tractor for your farm is not an easy task, just like before we buy our dream car, we visit numerous showrooms, read automotive magazines and analyze comparison websites. It will be even more difficult for us to choose, based on advertising alone, the optimal solution for a 20-year investment, where our financial outlays are several dozen times greater. That is why we provide future and current investors with the best tool available on the market. Lots of specifics, analysis and minimal advertising.

UPEBBI Magazine

We present an outline of the first magazine to be published by the biogas industry, employers, technologists and biogas operators. It organizes the current legal, financial and technological status.

We cordially invite you to purchase a partnership package of the Green Gas Poland 2024 conference, which will take place on October 14 - 15, where we will solemnly present the UPEBBI Magazine along with the Trade Catalog, which will also be available for free online.

We guarantee that your advertisement will appear on the first pages of the Magazine under interviews conducted with leaders of the energy, agricultural and biogas industries. At the same time, we guarantee that you will be included in the first UPEBBI magazine with interviews conducted by:

- with parliamentarians,
- with presidents of industry organizations,
- with presidents of the largest energy companies
- with leading biogas scientists.
