ORGANIZER

We invite you to the **fourth edition of Green Gas Poland, an international conference of biogas and biomethane producers**, which will take place on **October 6-7 at the Boss Hotel in Warsaw**. This unique event is organized by representatives of the Polish biogas plants for people operating in this industry and everyone interested in biogas and biomethane.

The event we organise is a unique opportunity for your company to present your services and products to entrepreneurs operating in the biogas and biomethane industry.

THE CONFERENCE TOPICS WILL FOCUS ON THE FOLLOWING ISSUES:

- biogas and biomethane in the Recovery and Resilience Facility
- Polish and EU policy of importing raw materials from Russia and the related market challenges
- biogas and biomethane in terms of the domestic fuel and energy security
- the latest domestic and EU legal regulations regarding functioning in the biogas and biomethane industry
- economics of the industry: project financing regarding CAPEX and support systems regarding OPEX
- experience of biogas and biomethane plant owners and investment plans regarding biomethane
- optimization of energy sales and biogas

plants in energy clusters and energy cooperatives

- biogas and biomethane as part of a circular economy
- innovative technological solutions for installations producing biogas and biomethane.

PARTICIPATION IN THE GREEN GAS POLAND 2022 WILL GUARANTEE YOU:

- gaining knowledge about proven methods of business development and opportunity to engage in discussions with the most prominent practitioners and experts
- behind-the-scenes meetings with partners, including meetings during the gala dinner at the Prize Giving Ceremony "Biogas Ambassador 2022", "Biogas Plant of the year 2022", and "Biogas Supplier of the Year 2022".
- face-to-face meetings with the suppliers and an opportunity to view offers currently posted in the Green Gas Poland 2022 Catalogue

GREEN GAS POLAND 2022 ORGANISER:

Union of Producers and Employers of Biogas Industry (UPEBI) is an organisation associating companies related to biogas and biomethane. For more than a decade the Union has been successfully advocating for the development of the biogas and biomethane industry in Poland.

Events organised by the UPEBI are meetings with entrepreneurs dealing with generation of biogas and biomethane and with investors looking for information about possibilities of using biogas and biomethane in their operations. These events create opportunities for you to establish personal contacts and to familiarise yourself in more detail with the consumers' needs.
